GALVANIZED

SOLID SIDES

SINGLE

TANDEM

Heavy-duty trailers are built for hauling lumber, doing landscaping work, fishing, hunting, etc. They're easy to handle and great for transporting materials, bulky items, equipment, and your ATV.

Whatever your needs, we have the trailer for you! Go for one or two axles depending on the load you need to pull. The fold-down front panel makes it easy to load long objects, while the bifold ramp is ideal for loading your ATV.

SIZE

Interior (length x width x height)	123" x 66" x 20"
